We
must carry
beauty
within us
or we find
it not.

It's hard for me to put a finger
on a favorite memory of
Nielsenhaven. I just have to
say it's the opportunity we had
to spend time with family in
a wonderful setting. I'm so
grateful that Grandpa & Grandma
made the opportunity available
for us & that they made family
time a PRIORITY! ~ Michelle

A TALE OF A LOG...

Once upon a time there were five children who found a log...

And using this log the children embarked on a long and glorious adventure, floating on this big log down the wild and dangerous river in an area known as "COFFEEPOT".

MATT

When Matt was little, he said he was going to "go up there and kick that golf ball down!"

We had so much fun hiking, racing, playing, and play-acting! We always had so much fun together!

In 2000, we had a talent show, in which Uncle Claude & I stood on ~~our~~ heads. That reminds me of all the other fun stuff we do here!

The cabin has been such a great place. I feel more at home at the Reunions than any other place. I love the spirit, friendship and Love that exists here.

What a great place
